If you would like anothercreation.com to design your buttons and/or logo, then you've come to the right place! I am a graphic designers, all with over 20 years of design experience, ready to make your buttons! Please follow the simple steps below in order to get your new button image and/or logo!

1. Review each package below and see which one best suits your needs
2. Email us with your Design Package choice, qty and item that you would like (magnet, mirror, button).
3. Or email your image(s) and describe your desired image project in the email.

This is a very easy process if we have all of your information and the necessary files. Please make sure that if you are sending an image, it is at least 500 x 500 pixels at 300 dpi. Most designs/logos are finished within 1-2 business days. As soon as we are finished with your design, we will email it to you. Please email us back as soon as possible with either your ok, or any desired changes. If you are satisfied, then the image is complete and you will be given a proof/copy as a .pdf .

We keep all designs on file for all future button orders.

DESIGN PACKAGE 1 ~ **GO! (GO)** cost : \$10.00 one time set -up fee.

If you already have the image(s) or logo(s) .

This is our most popular package in which you send us your image(s) or logo(s) (make sure it's the highest quality one you have!) and we will make it into a button design. We recommend it for those who already have a logo but cannot layout their button design. Your button design will be emailed to you as a .pdf. We will accept up to 4 images to layout in Design Package 1,**GO!**

This pack does not include any revisions, which means once we have completed your design, we will email the final to you and that completes your order.

DESIGN PACKAGE 2 ~ **GET READY (GR)** cost \$25.00

With Design Package 2 **GR**, you get a simple button design (1-3 colored text + 1-3 colored background). We recommend it for those who need a design but also want buttons done as cheap as possible. Your button design will be emailed to you as a .pdf.

This pack includes 1 revision, which means you get to email us 1 time regarding any changes you would like made to the initial version before we send the Final Version (the idea and overall "theme" must remain the same).

DESIGN PACKAGE 3 ~ **GET SET (GS)** cost \$100.00

We start off by designing your artwork as close to your specifications as possible. We then will email you the first version and you have the ability to make changes to the initial version 2 additional times (the idea and overall "theme" must remain the same). Once we've emailed you the 3rd and final version we will begin on your button/magnet/mirror design. Your button design will be emailed to you as a pdf.
